Tarrant Appraisal District Request for Proposals vendor question list 2.

Below is a list of vendor questions in black text followed by TAD's responses in red text.

1. I wanted to see if you had a sample database set available.
TAD will provide to verified vendors upon their request access to a prior year copy of a flattened database which is representative of TAD's data, however this will have a different schema than the production database. The available Microsoft SQL server backup file compressed is approximately 30 GB and the uncompressed data occupies 260 GB of space. Please be aware that in order to prevent distribution of any confidential information this dataset has had certain data and fields redacted.
